Subject: FW: FOR CATHY and Ed: due Monday, January 22 -- quick request for R5 highlight to mention at SES conference

Hi—

Here is our idea for an item to be mentioned by the RA:

A RCRA Corrective Action Cleanup at a RACER Trust former automotive site in Flint, MI, known as Buick City, allowed Lear Corporation to purchase and redevelop part of the site into a car seat manufacturing facility. In mid-January, the company attracted and reviewed thousands of interested applicants for positions at the plant that will ultimately employ up to 600 people.

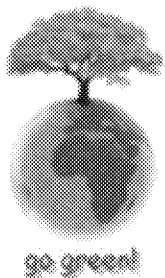

Thanks,
 Joe

Considering it's positive news coming out of Flint, MI, and related to a former GM site, I think it's worth a mention.

Hi—

Do you have any thoughts or ideas for the exercise below?

Our mandate is to increase the number of sites ready for anticipated use. Can we say something about the recruiting of new workers for Lear from the redevelopment activities at the Buick City site? Do you think that would fit that into a sentence?

Or do you think that Wolverine with upstage everything else?

Joe

Subject: FOR CATHY and Ed: due Monday, January 22 -- quick request for R5 highlight to mention at SES conference

By noon Monday, January 22: if your division has one, please email Jeff and me a **recent R5 work highlight (one or two sentences)** that aligns with this Administration's goals. More details in Henry Darwin email below.
 Then Jeff can edit into a one sentence talking point for the Administrator to mention at the SES conference.

e.g., Region 5's work with Michigan to address PFAS at former Wolverine site, led to R5/States PFAS call on Jan. 19 – aligns with Strategic Plan goals 1 (Core Mission) and 2 (Cooperative Federalism).

Subject: Quick Request for Information

Hi everyone:

I'm writing with a small request. At the SES conference near the end of the month in Washington, I am hoping to have the Administrator acknowledge each regional office by mentioning a recent event or initiative underway that aligns with his direction for the agency. For example, if your region recently coordinated with a state on a specific action or cleared up a backlog of some sort, that would be great. I am looking for just one sentence on one such item that we could work into the Administrator's remarks.

Please send me your ideas by COB Tuesday, January 23. I'll be happy to speak with you about this.

Thanks,

Henry
